An event

DESTINATION angers

WORKING TOGETHER

FOR A RESPONSIBLE EVENT

Destination Angers, ISO20121-certified, is committed to an eco-responsible and sustainable management approach for its business. The SIVAL teams are working hard to reduce the event's environmental impact.

Here are a few examples of good habits, every initiative helps!

Help us sort and recycle your waste!
Various recycling facilities are available in the site's logistics area (behind of Novaxia/behind Grand Palais). Please follow the instructions displayed. See more details on page 27

ENCOURAGE
- Recovering or pooling equipment on your stand
- Undated communication material (for reuse)
- Printing on recycled paper

AVOID
- Self-service paper flyers
- Freebies, unless they're useful and reusable
- Avoid packaging as much as possible

REMEMBER
- Make sure that your teams follow the basic safety rules during set-up and take-down operations
- Return your badge/lanyard to the organiser at the end of the event.

JOIN THE FIGHT AGAINST FOOD WASTE!
At the end of the trade fair, you may well find yourself with leftover fruit & veg, fruit juices, packets of biscuits, etc. Thanks to the redistribution service of SOLAAL Pays de La Loire, you can now give them a second life, so they don't go to waste.
See page 21

An approach that relies on working together: we can't do it without you.

THANK YOU FOR YOUR CONTRIBUTION!

You'll find this pictogram on multiple pages in this practical guide. It indicates our service providers who offer eco-responsible services/solutions, all of the measures put in place by SIVAL, and all of the good practices to be adopted to show your commitment to protecting the environment with us.

ACCOMMODATION

Book your accommodation online 24/7 at
https://www.sival-angers.com/en/practical-information/t9-tab/book-accommodation/
To contact the hotel booking line : Monday to Friday, 9am – 1pm and 2pm – 6pm
Tel. 00 33 (0) 2 41 23 50 23 - Email : resa@destination-angers.com
Booking requests will be honoured subject to availability.

ACCESS TO THE ANGERS EXHIBITION CENTRE

Come to SIVAL

Did you know?
On average, a 100km car journey in France emits 20 kg of CO2e.
A train journey emits 94 times less CO2 than the same journey in a car (for 1 person).

If it's an option for you, carshare (for example, using the Ouestgo carshare platform) or travel by train!
Also consider taking the free shuttles leaving from Angers train station.

ROUTE
Direct access from the motorways:
A11 (Paris–Nantes) - Exit 14
A85 (Tours–Saumur–Angers)
A87 (Cholet–Niort) - Exit 15

GPS COORDINATES
Parc des Expositions
Commune de St Sylvain-d'Anjou (Verrières-en-Anjou)

Electric vehicle charging available

- At the Angers Exhibition Centre and in Car Park 5 (Exhibitor Car Park).
- TESLA SUPERCHARGER : Aire des Portes d'Angers à Verrières-en-Anjou (200m derrière le Parc Expo)
- ELECTRA : 8 rue de Champfleur à Saint-Barthélemy-d'Anjou

TAXI : Allo Angers Taxi.
T. +33 (0)2 41 87 65 00
Download the app to book a taxi quickly and easily.

FREE SHUTTLES – TRAIN STATION–EXHIBITION CENTRE :
From 8:00 am to 7:30 pm, free shuttles will run continuously from the train station to SIVAL.

TRAIN : By TGV high-speed train (1 hour 30 minutes from Paris)

CAR HIRE
AVIS, Angers Train Station – Tel. +33 (0)820 61 16 82

IRIGO ANGERS BUS SERVICE
Take bus route 4, towards the Exhibition Centre.

CAR SHARING
Consider sharing a car with your colleagues.

BY AIR :
Discounts are available on a wide range of fares across all travel classes (La Première, Business and Economy) on all Air France flights worldwide.
To access the special fares available for SIVAL, visit: **www.globalmeetings.airfranceklm.com.**

Please keep this event document as proof of eligibility. You may be asked to provide evidence that you are using the special fare at any point during your journey.
To find your nearest Air France office, visit: www.airfrance.com.

Air France event code: GME61604AF – Valid from 5 January 2027 to 22 January 2027

- NANTES ATLANTIQUE AIRPORT: 1 hour away by motorway Tel. +33 (0)2 40 84 80 00
- ANGERS LOIRE AIRPORT Tel. +33 (0)2 41 33 50 20

Travelling by plane? Remember to offset the carbon footprint generated by your flight. It's easy to do: simply visit the following website: https://www.goodplanet.org/fr/calculators/

VISITOR TIMES

SIVAL will be held in all the halls of the Angers Exhibition Centre, on

- **Tuesday 12th and Wednesday 13th January from 9am to 7pm**
- **Thursday 14th January from 9am to 6pm**

The car parks and exhibitor access will be open to 7am Tuesday 8am on Wednesday and Thursday and will close at 8pm at the latest.

EXHIBITOR RECEPTION

Two places closer to you!
The General reception is located in the Grand Palais hall, next to the self-service restaurant, and the Ardésia Information
Point is situated between the Ardésia hall and hall C.
When you arrive, go here to:

- request any specific services (water, electricity, spotlights, etc.)
- make any additional requests (invitations, exhibitor ebadges, etc.)All orders must be paid for.

General reception Grand Palais Hall - Tel. +33 (0)2 41 93 40 30

General reception Ardésia/Hall C- Tel. +33 (0)2 41 93 40 50

See map on page 8

Open from Friday 8th until Thursday 14th January *(closed Saturday afternoon and all day on Sunday)*

Friday 8th	8am - midday / 2pm- 5pm	
Saturday 9th	**9am - midday**	
Sunday 10th	**CLOSED**	
Monday 11th	8am- 8pm	
Tuesday 12th	7am- 7:30pm Grand Palais General reception	8am - 7:30pm Ardésia General Reception
Wednesday 13th	8am- 7:30pm	
Thursday 14th	8am - 6:30pm

Car parks reserved for exhibitors during the Trade Fair

The installation of the new structure on the Grand Palais terrace means fewer exhibitor parking spaces are available at Gate 3.

See the map on page 8

Exhibitor car parks:
- Grand Palais Terrace access via Gate 3: limited number of spaces
- Amphitéa Terrace access via Gate 1: limited number of spaces
- P5 car park located behind the Grand Palais

Exhibitor car park access
Upon presentation of your exhibitor e-badge, the P5 car park, located behind the Grand Palais, remains dedicated to exhibitors, subject to availability.

Exhibitors may also park in the free visitor car parks.

PMR
Spaces reserved for disabled individuals are provided at the entrances of all our car parks.
Wheelchairs are available at the Trade Fair's Central Informations Points.

Services: Deadline to remember

Services	Dates	Pages
Electricity order / Meter positioning	9th December	37 / 34
Lifting and fixation authorisation application		35
Cleaning (Additional order form)		37
Reserve (any order placed after 6th December will be charged with an additional 25%)	4th December	42-45
Furniture order (see list of service providers)	11th December	14
Plant/flower order (see list of service providers)		14
Multimedia order (see list of service providers)		49-50
Forklift request	18th December	38-41

Order forms for these services can be found from page 37 onwards.
Before placing any order with our departments, please check that your company has not already done so.

GENERAL MAP OF SIVAL

ROUTES

: connecting tunnels between halls

: walkway between halls

: pedestrian path to new structure

Stand equipment and fittings are installed and arranged by the Angers Exhibition Centre. Please contact us for any further information.

The area that you have rented is free for you to use as you wish, both in terms of the arrangement of the material exhibited and the related decorative elements. In order to preserve the consistency and overall appearance of the event, however, we ask you not to go beyond the limits of the space allocated to you and to contact us for any structure that exceeds a height of 3 metres.

In addition, and to address the same concerns regarding consistency, please do not take down or modify any elements that we have put in place, such as banners, signs or carpet.

We also ask that you ensure your employees are present on their stand from the opening of the exhibition until closing time.

Important: Any changes to your stand (removal of fascia, removal of spotlights, change in the position of the electricity meter, etc.) requested after the exhibition build-up**, from 10 December onwards, will incur a charge of €150 excluding VAT.**

Fitted Stand

ARDÉSIA - HALL C - NOVAXIA - GRAND PALAIS - AMPHITÉA

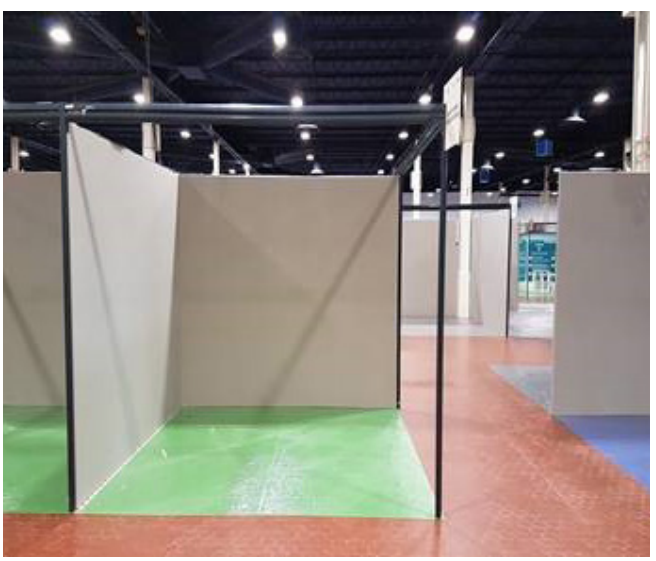

Bottom panel and side partitions in plywood, length 3 metres, height 2.30 metres, grey fabric covering, category M1.

The thickness of the partitions (5,5cm) determines a width of 2.95 m for each module.

Fixings using tacks or staples, or hooks on upper sections are permitted.
Bolting, screwing and large spikes are prohibited.

Banner: Frame in charcoal grey lacquered aluminium
The banner must remain neutral. You must not attach or affix anything: text, logos, etc.

Carpeting on the floor and one logo is planned per stand

The spotlight rail is not included in the "equipped stand" package.
Any order for a spotlight rail requires an electrical connection to be ordered.

Fitted Stand

HALL B - PAVILLON AND CONNECTING GALLERY

Back and side walls in modular partitioning – height 2.40 m – white infill. Bolting, screwing and large nails are prohibited.

Banner: Frame in charcoal grey lacquered aluminium. The banner must remain neutral. You must not attach or affix anything: text, logos, etc.

Carpeting on the floor and one **logo** is planned per stand.

☝ **The spotlight rail is not included in the "equipped stand" package.**
Any order for a spotlight rail requires an electrical connection to be ordered.

Empty Stand

There are not any back partitions or divider partitions, stand boundaries will be marked out with adhesive tape.

There will be one sign per stand.
This sign will be located in front of the stand.

Flooring

➔ Good practice: if you do not require carpet on your stand, please remember to let us know!

In the aisles of halls B - C - Pavillon
⇨Blue carpet

No aisle carpet in the halls
⇨Grand Palais (Connecting gallery), Amphitéa and Ardésia = tiled floor
⇨Novaxia = smooth concrete floor

Electricity

For exhibitors who requested electricity connections, the stands are equipped with a panel including two power outlets and an RCD placed on the ground.
The power available is that which you requested when completing your application.

If you need power and you haven't yet purchased this service, see the order form on page 38.

If you want a specific location for your meter, please show us the exact location using the illustration on page 35. You are strictly forbidden to modify the meter location yourself.

For any change to the power supply or electrical meter requested from 10 December onwards, a €150 excl. VAT charge will apply.

Coffee machine	0.8 to 4 kW (average 1,5 kW)
Refrigerator	0.2 kW
Computer	0.1 kW
Vacuum cleaner	1.5 kW on average
Rail with 3 spotlights	0.3 kW

Specific needs
Curve D - 300 mA
see **document on page 30**

Rigging to the structure of the halls

Permission must be obtained from the Exhibition Centre before any rigging operation.
The total suspended weight, and the rig type and number must be clearly indicated, as well as the company contracted to carry out the rigging.

Without our agreement, your service provider is not allowed to rig anything on our structures.

Please return the document on page 35

No hooks permitted in halls B and C

Machine in operation

PROCEDURE : machine declaration

For any machines or equipment used for demonstrations (grading machines, drones, etc.), please complete the "Machine Declaration" form provided in the appendix on page 31.

Driving and vehicle access,

Driving and vehicle access now require authorisation, without which you will NOT be able to access the halls.
An identification number will be assigned to each machine and a numbered vest to each driver.

To do this and receive the authorisation to drive and gain access to the halls, you must fill in two forms; the first concerns the vehicle and the second concerns the driver. **See appendices pages 32-33**

You'll also need to provide us with:
• CACES safe driving proficiency certificate
• MEDICAL CERTIFICATE
• Driving AUTHORISATION issued by the employer on headed paper include the following: The last name, first name and address of the person being authorised, the type of work involved (forklift operator or cherry picker operator) and the site and duration of the work.

The forms are currently available by contacting AMC-SPS, which is responsible for this process, at: jean.portier@amcsps.fr

Cleaning

We take care of cleaning and maintaining the aisles and common areas outside the exhibition opening hours. If you do not wish to clean your stand yourself, we can provide this service at a cost of €7 excl. VAT per m² for the duration of the exhibition. See the order form on page 37.

A waste management programme is also in place at SIVAL. We thank you in advance for following the instructions provided for the set-up, dismantling and duration of the exhibition, as detailed on page 27.

Every evening, please place the waste from the day in the aisle, next to your stand, separating glass, recyclable waste and general waste. This will help us ensure proper waste sorting throughout SIVAL.
If you need to dispose of waste during the day or in the evening, glass and general waste containers will be available outside the halls: at Gate 5, near the Ardésia Hall, near Hall B. **See the map on page 8.**

Thank you in advance for your cooperation.

Set-up and take-down e-badges

These ebadges are mandatory during periods of build-up and breakdown, but are not valid during the event. **To print out these e-badges, you'll be sent a link in November, once you've paid your invoice.**
Please note that the link you will receive will come from: **sival@a-p-c-t.fr**. *Please check your junk email folder.*

From Wednesday 6 January onwards, only people wearing a valid badge will be allowed access to the exhibition. For security reasons and to prevent theft, security staff may ask you to show your badge.

Set-up & take-down times

SET-UP – GATE OPENING		
Wednesday 6th	8am - 6pm	**Priority for large equipment** Grading machines, tractors, irrigation equipment, weeding equipment, greenhouses, stand contractors, etc. Please note that some exhibitors in these halls may be contacted directly by email by One Mind (formerly CapLM) on behalf of SIVAL, to arrange an earlier arrival in order to optimise your set-up conditions.
Thursday 7th		
Friday 8th		
Saturday 9th	8am - 6pm	All halls will be open. Your stand must be fully set up by Monday evening at the latest.
Sunday 10th		
Monday 11th	7am - 12am	
TAKE-DOWN - GATE OPENING		
Thursday 14th	**7pm** - 12am	Please note: From 12 noon on Friday 15 January, we reserve the right to begin dismantling the stands (fascia boards, partitions, etc.).
Friday 15th	7am- 6pm	

OPENING HOURS OF THE 2 CENTRAL INFORMATION POINTS: GRAND PALAIS HALL & BETWEEN ARDÉSIA HALL AND HALL C

Friday 8th	8am- 12:30pm / 2pm - 5pm
Saturday 9th	**9am - midday**
Sunday 10th	**CLOSED**
Monday 11th	8am - 8pm
Tuesday 12th	**7am** - 7:30pm (8am General Reception – Ardésia Hall / Hall C)
Wednesday 13th	8am - 7:30pm
Thursday 14th	8am - 6:30pm

Technical specifications

➔**Hall B:** gates 3.50 m high × 4 m wide
➔**Hall C**: gates 4 m high × 3.45 m wide
➔**Novaxia:** gates 5 m high × 5 m wide

Heavy goods vehicles / Semi-trailers: Instructions

• 2 HGV unloading areas

Grand Palais Terrace and Ardésia Terrace

You will be welcomed by DL EVENEMENTS, who will direct you to the appropriate position to facilitate the unloading of your semi-trailer.

Once unloaded, the HGVs seeking to leave their trailer will be asked to leave them at the back of the parking lot, outside the gates of the Centre.

☝ **If you need a loading dock, you must enter through gate 3.**

• 1 unloading area for vehicles with trailers

Grand Palais Terrace – access via Gate 1

TAKE-DOWN: GATE OPENING

During take-down, we must ensure that acess to the peripheral route around the Exhibition Centre is preserved, allowing emergency services to rich the site in case of an incident.

This means that, on the final day of the trade fair, Thursday 14th January:

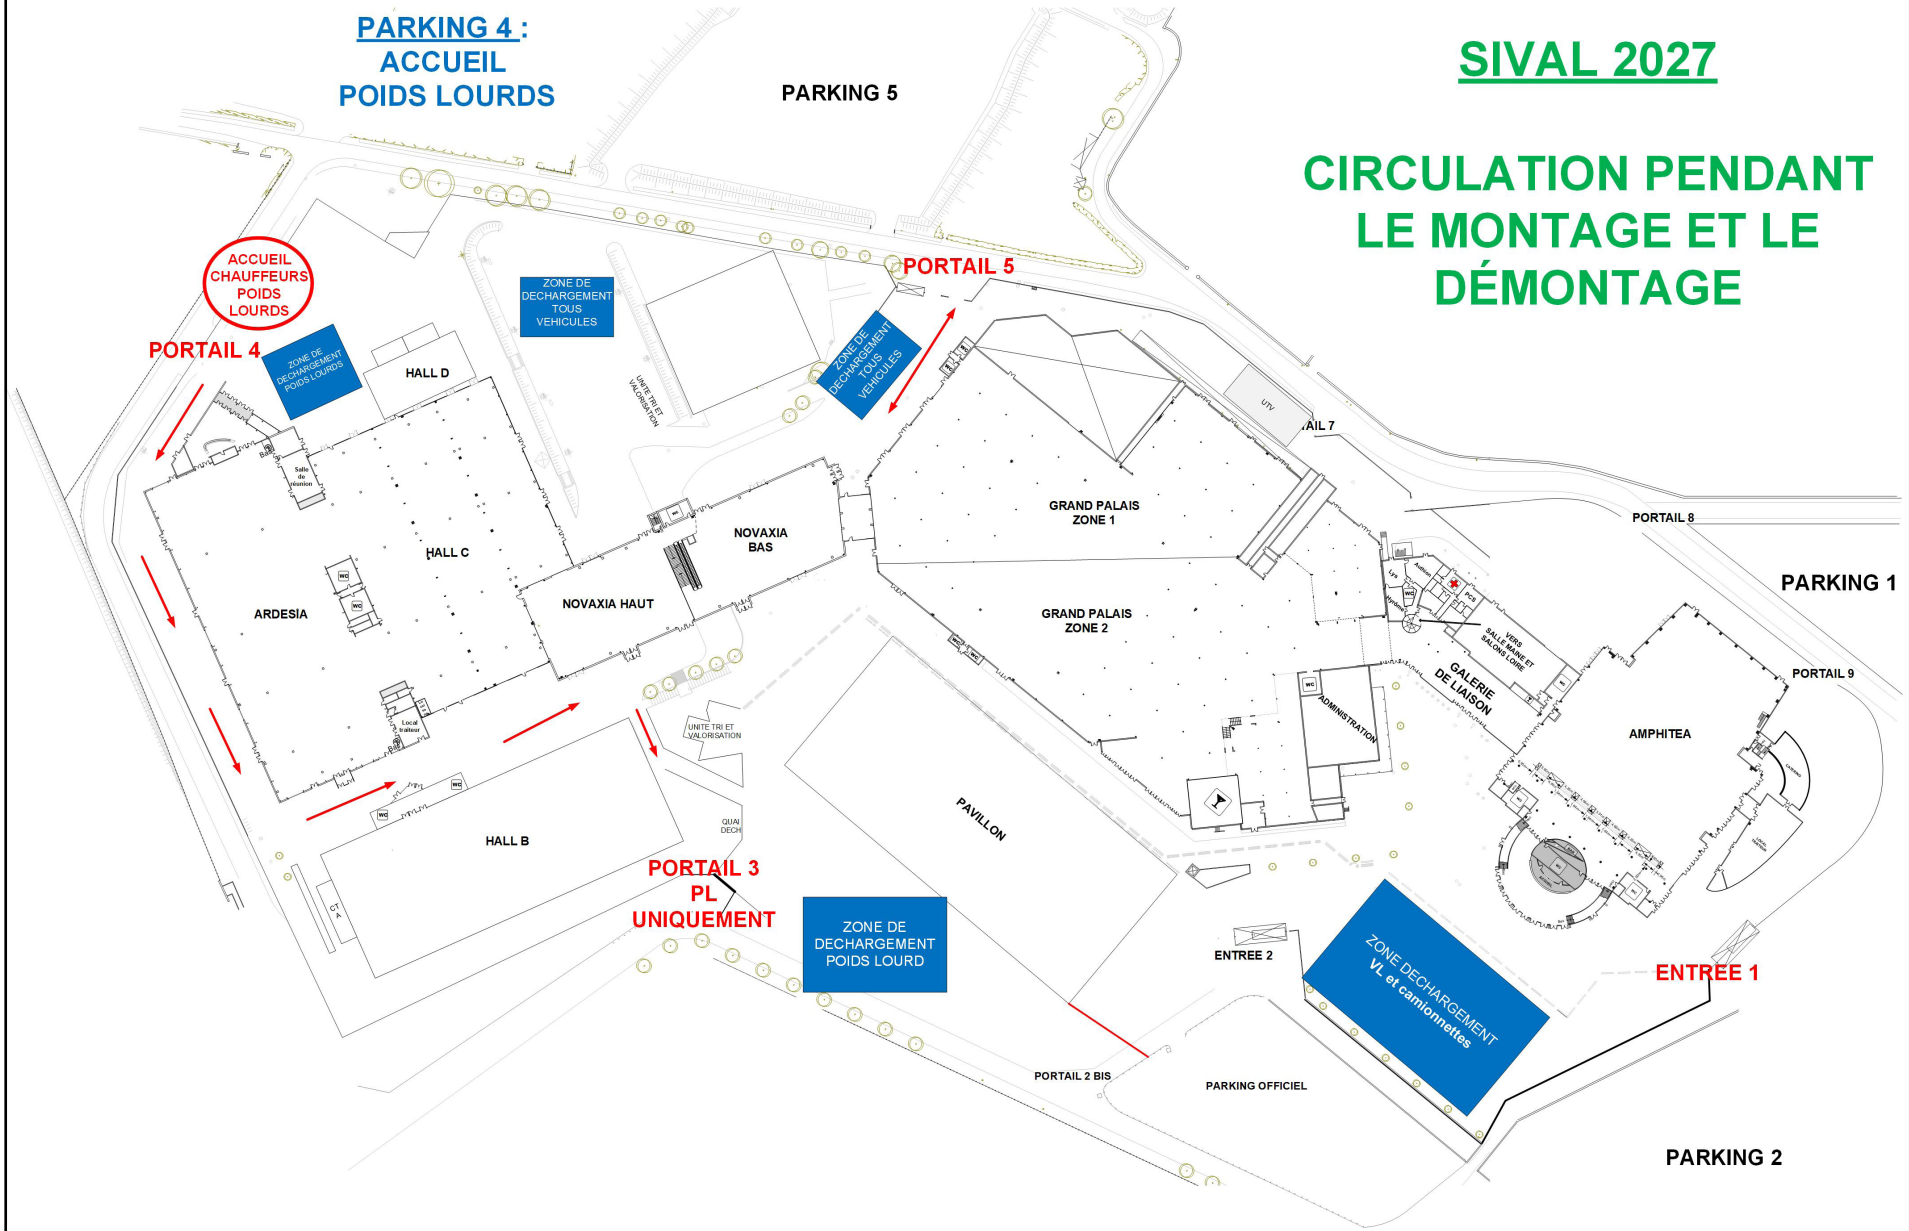

all vehicles (vans, towing vehicles, etc.) can park in Car Park 4.

For security reasons, gates (P1 - P3 - P4 - P5 - P8) and the building doorways of the Exhibition Centre will only open:

- from 7pm: for small vehicles, and light vehicles (Traffic, 19 T)
- and from 10pm: for trailer access

This operation will be carried out in coordination with the Police.

Zone de délestage camions avant démontage

Deliveries of goods

If goods for your stand are delivered by a carrier, you must be present at your stand when the goods arrive to take delivery.

The exhibition organiser cannot accept deliveries on your behalf. If you are not present, the goods will be left on your stand without any inspection or control by the organiser.

The exhibition organiser and the insurer accept no responsibility for any loss, theft, damage or other incident involving goods, materials, equipment or people during the set-up, dismantling or transport periods.

DELIVERY ADDRESS :

PARC DES EXPOSITIONS – SALON SIVAL
route de Paris - Angers
Hall ..... + n° stand .....

Mobile phone of the sender: .....

Notify your carrier of the date and time you will be present on the stand to take delivery of the goods.

Lifting and handling

For any needs regarding lifting, handling, storage, containers, etc., please contact:

LOIRE MAINE MANUTENTION : forklift rental without driver
Tél : +33(0)2 41 34 73 33 | contact@lmm49.com (see page 38)

BVP FS FRANCE : forklift hire with driver
Staff available for light handling on stands, assistance with stand assembly, installation and dismantling.
Tel: +33 (0)7 82 56 45 92 – Nadège BOULORD | commercial@bvpfs.fr
(see page 40)

GONDRAND : forklift hire with driver
Tel: +33(0)6 74 64 96 77 – Thomas PONS | thomas.pons@gondrand.fr
(See page 39)

Don't forget to book a take-down time, and **declare your vehicles and drivers**

IMPORTANT:
The Exhibition Centre teams will not carry out any unloading or reloading.
We do not have any pallet trucks or forklifts.

Exhibitors e-badges

To print out your e-badges, you'll be sent a link in November, once you've paid your invoice.

Important :

- *the sending address is* ***sival@a-p-c-t.fr*** *. Please check your junk email folder.*
- *printing services are not available at the SIVAL information points.*

Do the right thing: at the end of your visit, please return your badge holders and lanyards in the designated bins available at the various reception areas.

Catering

Restaurants :
Grand Palais - 1st floor (cafeteria)

The sival-angers.com web app
A new digital experience for SIVAL

This year, SIVAL Online is evolving!

To make things easier for you and for visitors, the app has been replaced by a **web app** that can be accessed directly from your browser on a computer, tablet or smartphone, with no download required.

You will find the main features of the former SIVAL Online, now integrated into a single, enhanced platform.
Easier to access, more intuitive and designed to help you continue your business interactions beyond the exhibition, this new web app allows you to promote your company, products and services, grow your network and stay in touch with prospects and customers before, during and after SIVAL.

sival-angers.com offers:

- **BADGE SCANNING**: scan visitor badges and collect their contact details.
- **MESSAGING**: visitors can send you connection requests directly through the web app. Take advantage of a new way to connect with your customers and prospects, even after the exhibition!
- A **COMPLETELY REDESIGNED EXHIBITOR DIRECTORY**, with a multi-criteria search engine, your company logo, images, etc.
- A **CATALOGUE OF KEY EQUIPMENT, PRODUCTS AND SERVICES** from exhibitors.
- A **JOB VACANCY SECTION**, in partnership with APECITA.
- **THE INTERACTIVE SIVAL MAP**
- **THE EXHIBITION PROGRAMME**, with live and on-demand video content.
- And the practical information about the exhibition, as well as a wide range of content about the different sectors.

Your exhibitor area

Access your exhibitor area at www.daevents.fr to complete your company profile, publish your equipment, products and services, manage visitor connection requests, reply to messages, view visitor statistics, etc. You will find the user guide on your home page.

A login email has been sent to the stand and communications managers listed when you registered for SIVAL.

Please note: the web app exhibitor area and the "administrative" exhibitor area are two separate platforms, with separate login details.

Stand and communications managers can add team members who will also be able to access the web app exhibitor area.

Are you a stand or communications manager and can no longer find your login email? Click on "Forgotten password" and enter your email address. You will then be able to reset your password.

For any questions, please contact support@sival-angers.com.

Extend SIVAL and grow your business opportunities

- Your company profile and your products/services remain accessible to visitors even after the exhibition!
- Visitors can contact you before, during and after the exhibition.

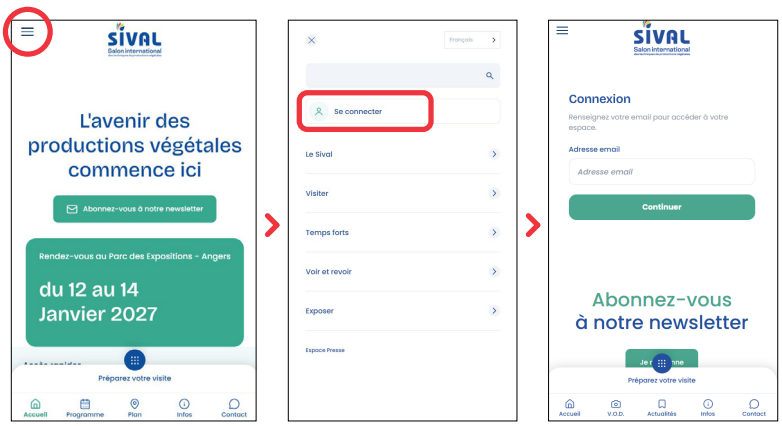

For any assistance with the SIVAL web app, please contact us at:
support@sival-angers.com

Badge scanning: the tool for scanning badges and collecting contacts

Make collecting contacts easier at SIVAL!
With badge scanning, you can easily collect the details of the visitors you meet and centralise your contacts to follow up with them after the show. A practical tool to grow your network and turn conversations into business opportunities.

STEP 1: LOGIN

- Go to **www.sival-angers.com** with your smartphone
- Open the “burger” menu
- Tap “Log in”
- Enter your login details

When registering for the exhibition, you provided the details of a stand manager and, optionally, a communications manager. An account is automatically created for each of these contacts, allowing them to log in to www.daevents.fr to edit the exhibitor profile and access the SIVAL web app to use badge scanning and other features.

There are two ways to add users who can scan badges:

- **Request an exhibitor badge** for the relevant team member. This automatically creates an account and adds the person to your team. They will then be able to scan badges and access the collection statistics.
- **Share a temporary link:** Stand managers and communications managers can also share badge scanning access by generating a link from their account on www.daevents.fr. This does not create an account, but anyone who receives the link will be able to scan badges for 24 hours.

STEP 2: SCANNING

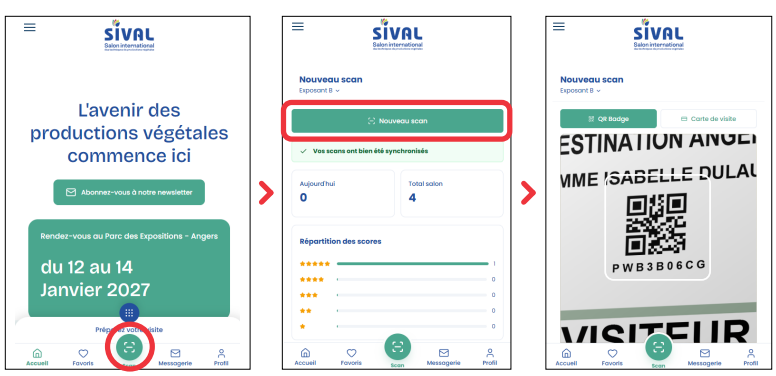

Once logged in, you should see the badge scanning icon.

- **Tap the central icon**

The page that opens is your contact collection dashboard

- **Tap “New Scan”**

The camera will activate. Simply point it at the visitor’s badge. The badge will be detected automatically, and you will be taken to the contact qualification page.

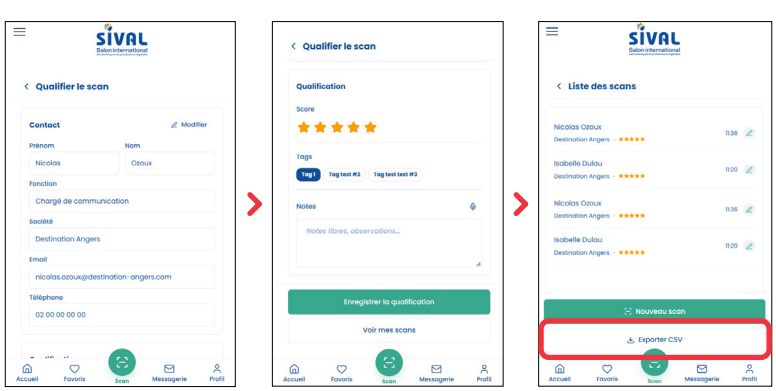

Once you have filled in the relevant information, tap “**Save Qualification**”.

Congratulations! Your first contact has been saved.

STEP 3: COLLECT

- **Export your contacts**

Tap “Export CSV” to download a spreadsheet containing all the contacts collected by every member of your company’s team.

REMINDER OF THE MAIN HEALTH AND SAFETY RULES PERTAINING TO EXHIBITIONS

WEARING THE SET-UP AND TAKE-DOWN BADGE: Required in order to access the Trade Fair

WEARING PERSONAL PROTECTION EQUIPMENT:

Safety boots : You are reminded that wearing safety shoes (puncture-resistant shield + sole) is mandatory for all persons entering the exhibition site during the set-up and take-down periods

Hard hat : Wearing a hard hat is compulsory for all those working on elevated platforms, all employees working on different levels, and any tasks presenting a risk.

Gloves, protective glasses for tasks presenting specific risks

THE TRANSPORT AND LIFTING OF PERSONNEL must only be carried out using means designed specifically for these purposes:

Mandatory documents to present on-site
- Up to date periodical inspection sheet of the machine (less than 6 months)
- C.A.C.E.S (Certificate of Fitness to Drive Safely)
- Authorisation to drive on the employer's site
- Up to date medical certificate of fitness

WORKING AT HEIGHTS: Collective protection measures must always be used. Ladders should not be used on workstations.

ELECTRIC TOOLS OR HANDHELD POWER TOOLS must be fitted with a vacuum or dust collection system in order to be used inside the hall.

NO SMOKING IN THE HALLS: during set-up and take-down, and throughout the Trade Fair

RESPECT TRAFFIC FLOWS: they should remain clear and available for emergencies and handling equipment

CONSTANTLY MAKE SURE that your stand and its surroundings are clean and tidy

VACUUM SYSTEM: electrical tools, whether fixed or hand-held, must be fitted with a vacuum or dust collection system in order to be admitted into the hall.

WHAT TO DO IN CASE OF AN ACCIDENT OR FIRE

Only one number : +33(0)7 60 31 47 19

In case of accident

Clearly indicate the cause and the precise location of the accident in order to facilitate emergency access.

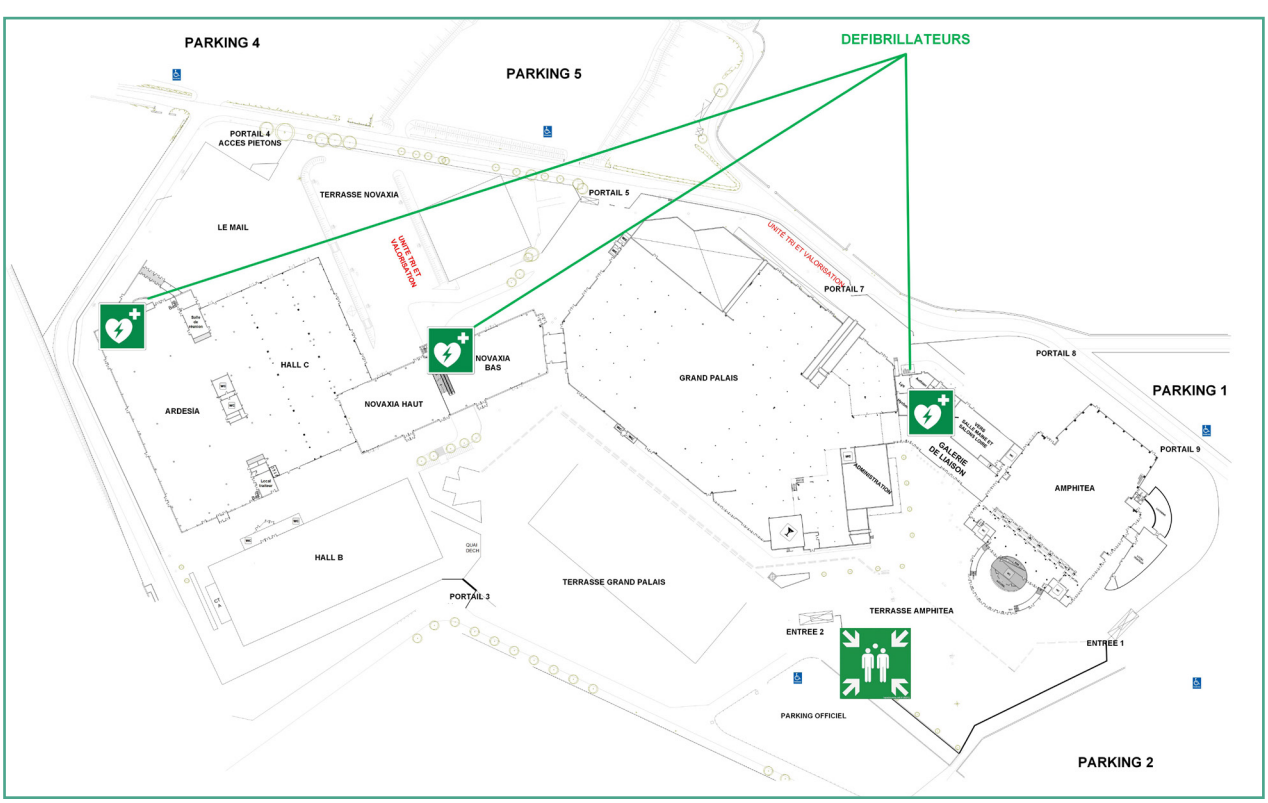

In case of fire

Clearly indicate the cause and the precise location of the fire in order to facilitate emergency access.
Trigger the fire alarm by hitting the manual alarms.
Evacuate and assemble outside.

USEFUL NUMBERS

HOSPITAL (Emergency switchboard) .....+33 (0)2 41 35 37 12
ANTIPOISON CENTRE .....+33 (0)2 41 48 21 21
HAND CLINIC .....+33 (0)2 41 86 86 41

DEFIBRILLATOR LOCATION MAP

Waste management

During Set-up & Takedown

Two waste sorting and recovery units will be set up to encourage waste sorting and significantly increase the percentage of recycled waste in the event's overall waste volume: behind Novaxia (by Gate 4) / behind the Grand Palais (by Entrance 5).

Staff will circulate throughout the exhibition halls. Please help facilitate their work by pre-sorting your waste. A summary document and a layout plan showing the location of the sorting units will be provided to you upon your arrival at the Exhibition Centre.

Sorting your waste into 7 categories:

- Paper/cardboard
- Plastic packaging
- Wood
- Glass

During the Trade Fair

Every evening, we ask you to pose in the paths of your waste for the day by separating the bottles from the rest of the waste. In order to facilitate sorting at source, we will provide you with yellow bags for recycling (paper, cardboard, recyclable plastics) and transparent bags for residual waste (household waste). Yellow and transparent bags will be available. at General Reception. **The black bags will not be collected.**

If you wish to dispose of your waste during the day or in the evening, please take it to the sorting units. See the map on page 8.

- Biowaste
- Recyclable waste
- Other non-recoverable waste (cigarette butts)

Security

The event organisers will ensure general security and surveillance under the best possible conditions; however, this is an obligation of means, not an obligation of result.

Night-time security from Wednesday 6 January at 6:00 pm until Friday 15 January at 12:00 noon.

This arrangement does not cover the security of stand fittings and equipment, which remain the sole responsibility of the exhibitors.

SOME TIPS :

- Observe the opening hours for exhibitors and do not leave your stand unattended during opening hours.
- Do not leave any valuable items on your stand outside opening hours.
- At closing time, cover your stand with a net or tarpaulin (M2), or secure access to your stand.
- Please be aware that the risk of theft is higher during the set-up and dismantling periods.

☞ **DURING THE TRADE FAIR,**

We strongly recommend securing your IT and video equipment with security cables (available from all computer retailers).

☞ **DURING TAKE-DOWN,**

We strongly recommend removing your valuables from the exhibition site from Thursday evening onwards.

Insurance

The exhibitor must take out a General Civil Liability Insurance policy with a reputable insurance company ("Exhibitor" activity) and a Property Damage Insurance policy.

The following will therefore be covered, as a minimum:

• damage of any kind (personal injury, material, immaterial, consequential or non-consequential damage) caused to any third parties,
• incidents including during set-up and take-down (according to the dates provided in this dossier),
• material risks to the exhibitor's stand and the installations (products, furniture, decoration...).

To confirm their registration, the exhibitor must provide the certificate.

Safety committee

As with all similar events, SIVAL and its exhibitors are required to comply with the provisions of the amended Order of 23 March 1965, Decree No. 73-1007 of 31 October 1973 and the Order of 18 November 1987, relating to fire and panic safety in premises open to the public.

Accordingly, we strongly request that you do not use expanded polystyrene and, under no circumstances, replace the fabrics used for the general decoration, which comply with the required safety standards.

Please refer to the Safety/Electrical Technical Guide in your Exhibitor Area.

Head of Security:
Mr. Bruno Beuneux
FIRE CONSULTING
Tel: +33 (0)6 79 21 89 71

Visit by the Safety Committee: Monday 11 January in the afternoon

You must be present at your stand, or represented by a suitably qualified person.

However, the SIVAL-appointed safety officer will inspect the compliance of the stands from Thursday 7 January onwards.

Your stand contractors must provide fire classification certificates for the decorative materials used on the stands.

For special installations, multi-level stands, etc., safety documentation must be provided.
On the following page, you will find details of the authorised materials and the documents to be provided.

MATERIALS

Depending on their reaction to fire, traditional materials have the following conventional classifications: (in this case, proof of their classification does not need to be brought)

M0 or A – European standards = Non-combustible
M1 or B – European standards = Non-flammable
M2 or C – European standards = Difficult to ignite
M3 or D – European standards = Moderately flammable
M4 or E – European standards = Highly flammable

MATERIAUX	AUTORISE	DOCUMENT A FOURNIR
Bois (ou composite à base de bois) > 18 mm non stratifié	Bois (non stratifié) aggloméré de bois latté contre-plaqué	Néant (matériaux assimilés a **M3**)
Bois < 18 mm et > 5 mm Bois > 18 mm, stratifié	**M3** d'origine ou **D** normes Européennes	Procès-verbaux **M3** (ou Labels sur matériaux)
Contre-plaqué - Aggloméré < 5 mm composite à base de bois	**M1** ou ignifugé 2 faces par peintures, vernis, sels d'imprégnation par un applicateur agréé ou **B** normes Européennes	Procès-verbaux **M1** ou certificat d'ignifugation avec nom du produit, notice descriptive, date d'application
Moquettes au sol	Naturel : **M4** ou **E** normes Européennes Synthéthique : **M3** ou **D** normes Européennes	Procès-verbaux
Tissus et revêtements textiles muraux	**M1** ou ignifugé **B** normes Européennes	Procès-verbaux ou cetificat d'ignifugation avec nom du produit, notice descriptive, date d'application
Matières plastiques (plaques, lettres)	**M1** ou **B** normes Européennes	Procès-verbaux **M1**
Peintures	Sur support **M0**, **M1** ou bois autorisé (peinture nitrocellulosique) interdite	Procès-verbaux de support
Décoration flottante (papier, carton)	**M1** ou ignifugé ou **B** normes Européennes	Procès-verbaux ou certificat d'ignifugation avec nom du produit, notice descriptive, date d'application
Décoration florale en matériau de synthèse	**M1** d'origine (ignifugation interdite) ou **B** normes Européennes	Procès-verbaux **M1**
Décoration collée ou agrafée (papier)	Sans justification si collée sur toute la surface ou agrafée tous les 5 cm en pose fractionnée	
Mobilier	Gros mobilier : **M3** ou **D** Structure légère : **M3** ou **D** Rembourrage : **M4** ou **E** Enveloppe : **M1** ou **B**	Procès-verbaux ou certificat d'ignifugation (sans justificatif si mobilier de location)
Vitrages	Armés, trempés, feuilletés	Procès verbaux, certificats ou justificatifs telles que facture
Autres matériaux	Accord à demander	Réponse écrite du chargé de sécurité

GUIDE DE REMPLISSAGE DU SCHÉMA D'IMPLANTATION

SIVAL 12-14 JANV. 2027
PARC DES EXPOSITIONS • ANGERS • FRANCE

Ce document accompagne la page 4 de votre bon de commande. Il vous montre, à l'aide d'un exemple concret, comment schématiser votre stand : emplacement des cloisons, de la porte, des allées et des stands voisins. Reportez-vous à l'exemple de la page suivante pour dessiner le vôtre.

COMMENT PROCEDER – 4 ETAPES

1 **Indiquez votre échelle**
En haut du quadrillage, précisez l'échelle choisie (par exemple : 1 carreau = 1 mètre). Toutes vos cotes doivent ensuite respecter cette échelle.

2 **Dessinez la surface de stand (m²)**
Reportez la forme et les dimensions exactes de votre stand sur le quadrillage, en respectant l'échelle indiquée à l'étape

3 **Dessinez votre réserve + cloisons**
Si votre stand comprend une réserve ou des cloisons, matérialisez-la sur le quadrillage à l'intérieur du contour de votre stand, dans le respect de l'échelle indiquée à l'étape 1, en délimitant clairement son emplacement et son accès (porte)

4 **Indiquez votre signalétique ou autres éléments**
Si de la signalétique / tour enseigne ou autres est prévue, indiquez-le sur le schéma : tracez une flèche depuis la cloison concernée jusqu'à une légende en marge précisant l'élément (ex. « tour enseigne / signalétique »

Deadline de réception des commandes le vendredi 04 Décembre 2026. Passé cette date (et en fonction de la faisabilité) les tarifs unitaires seront majorés de 25%

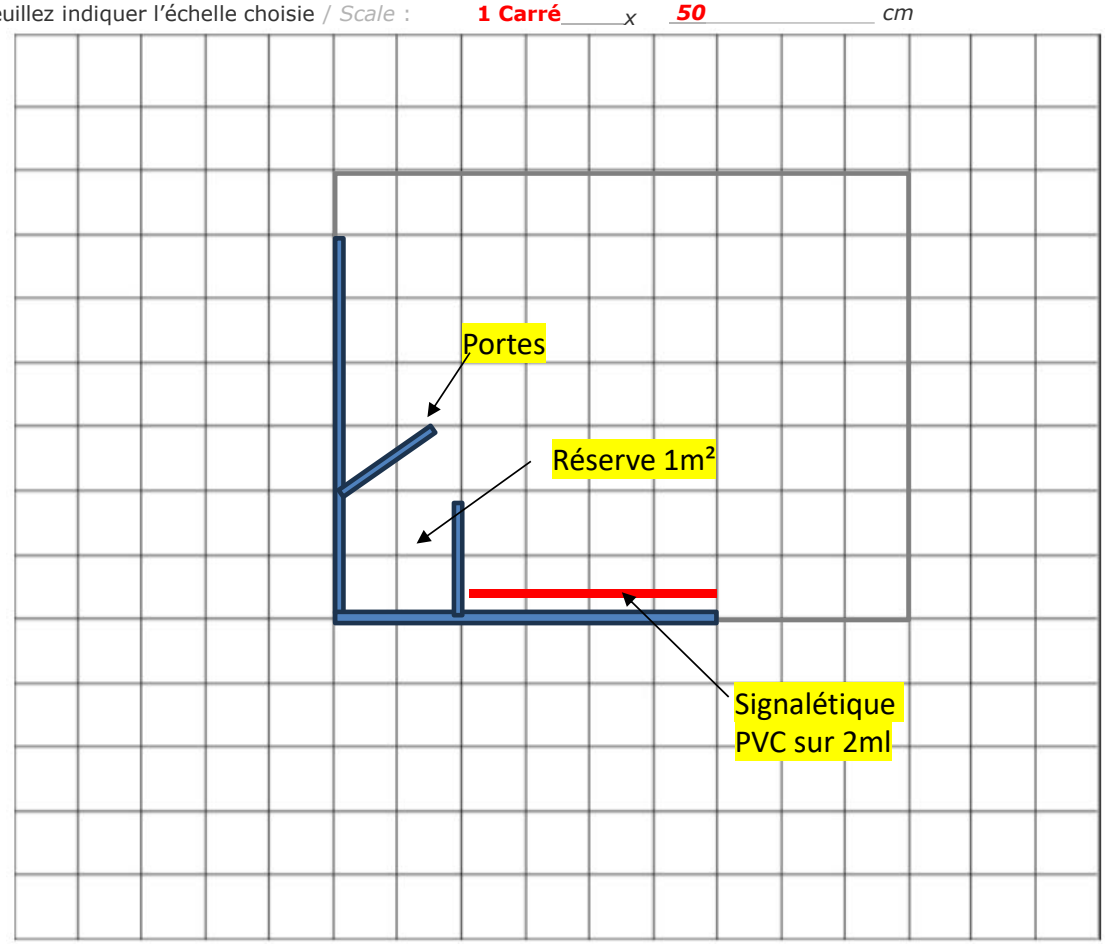

Pour la prise en compte de votre demande il est nécessaire de :
- schématiser votre stand sur le quadrillage ci-dessous
- indiquer la position des allées, le nom ou le numéro des stands avoisinants et les cloisons de séparation

Please use the 1 square : 1m gris bellow in conjunction with your exhibitor order from the draw you stand lay out and indicate the alleys, the neightbouring stand names and numbers

Nom du stand / *Stand name* : **ENTREPRISE X**

N° du stand / *Stand number* : **156 HALL 1**

Veuillez indiquer l'échelle choisie / *Scale* : **1 Carré** x **50** *cm*

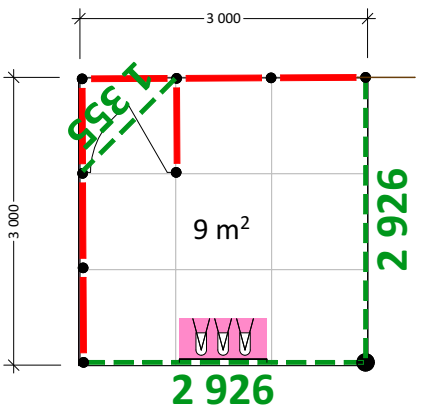

Date : du_____au _____

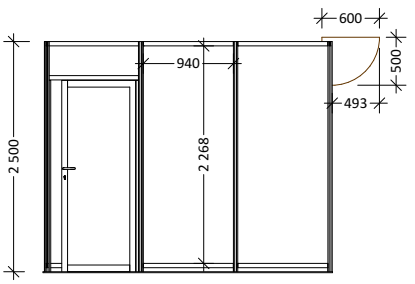

Non du signataire / *Name of signer* : **NOM X**

Signature et cachet / *Signature and stamp* :

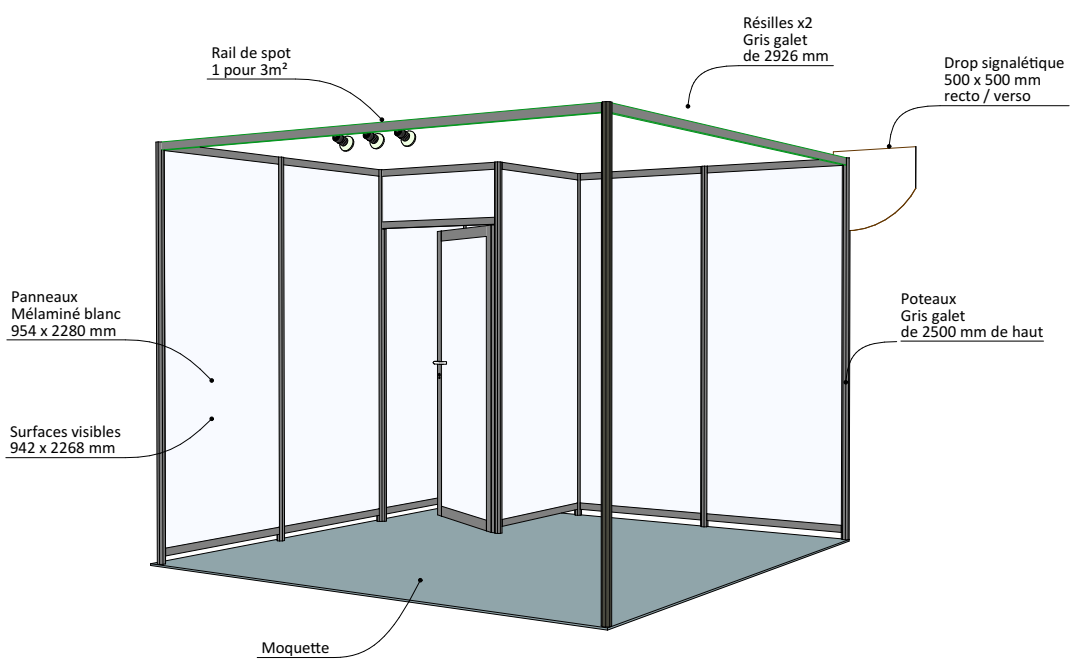

Deadline de réception des commandes le vendredi 04 Décembre 2026. Passé cette date (et en fonction de la faisabilité) les tarifs unitaires seront majorés de 25%
